

SHROUDED WC PANS

The Ferndale and Rodbourne Shrouded back to wall WC pans are designed for services concealed behind the rear wall, and are manufactured from 304 grade stainless steel. The Rodbourne is available with an integral P or S trap and incorporates an anti ligature flushing rim for use in secure establishments, the Ferndale is only manufactured with a P trap and has a standard flushing rim.

These pans are supplied with either fixed plastic seat pads or a black plastic seat and cover with stainless steel security pillar hinges, alternatively the top can be left plain.
