

## CLIFTON WC SUITE

The Clifton Close Coupled suite incorporates a cistern and pneumatic pushbutton flush for situations where a service duct is not available. This suite is manufactured with a P trap only and is provided with a plastic pan connector for conversion to an S trap on site if necessary.

The pan is supplied with either fixed plastic seat pads or a black plastic seat and cover with stainless steel security pillar hinges, alternatively the top can be left plain.

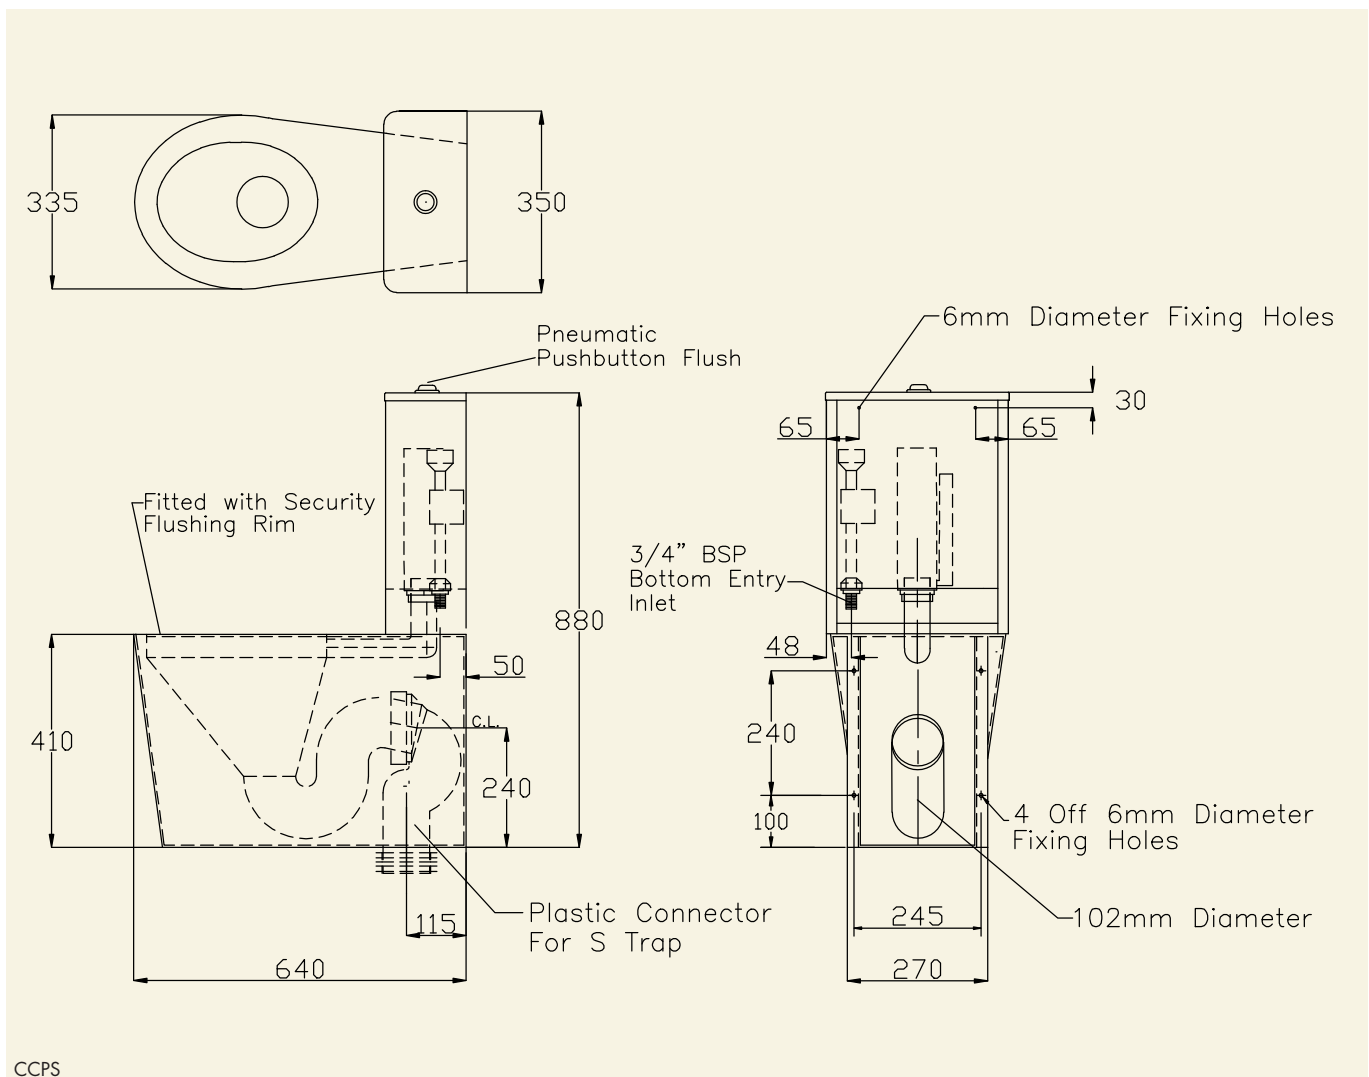

### Clifton Suite Options

- Infra Red non touch flushing (Add I to the ordering code)
- Lever Flushing (Increases cistern width to 450mm, add L to the ordering code)
- Floor Fixing Tags (Add T to the ordering code)

1 Clifton Close Coupled Suite

2 Stainless Steel Pillar Hinges
