

BARNFIELD WC SUITE

A Shrouded WC suite designed for situations where ducted services are not available and all services need to be concealed.

The Barnfield unit is supplied with a shrouded P trap WC pan and a push button operated cistern, which is concealed within a one piece removable stainless steel shroud.

The pan is supplied with either fixed plastic seat pads or a black plastic seat and cover with stainless steel security pillar hinges, alternatively the top can be left plain.

READING COMBINED WASHBASIN AND WC SUITE

Ideally suited to areas of confined space, the Reading suite combines WC and handwashing facilities in one compact unit.

Maintenance access is via a removable panel and each unit is supplied with a shrouded P trap WC pan to the left or right hand side, an anti vandal basin waste fitting, a pair of non concussive taps, an integral toilet roll holder and a stainless steel pushbutton flush.

The pan is supplied with either fixed plastic seat pads or a black plastic seat and cover with stainless steel security pillar hinges, alternatively the top can be left plain.
