

SHROUDED WC PANS

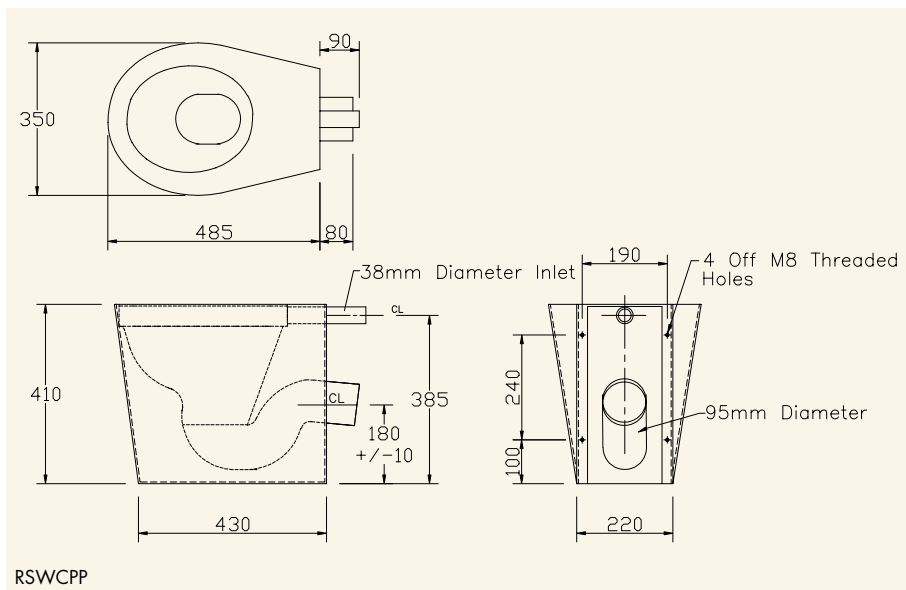

Rodbourne Shrouded back to wall WC pans are designed for services concealed behind the rear wall, and are manufactured from 304 grade stainless steel. The pan is available with an integral P or S trap and incorporates an anti ligature flushing rim for use in secure establishments.

Each pan is supplied with either fixed plastic seat pads or a black plastic seat and cover with stainless steel security pillar hinges, alternatively the top can be left plain.
